

Student Waiver Form

I, the undersigned, acknowledge that I have fully understood the contents of this waiver form and/or any other materials provided to me by representatives of Spectra Bio Labs related to the waiving of liability and assumption of risks associated with attending any courses administered by Spectra Bio Labs. I affirm that all of my educational, scientific, hands-on, laboratory, etc. activities while at Spectra Bio Labs are of my own volition, and that I understand the inherent risks of these activities. I assume full responsibility for any and all injuries or damages that may occur to me as a result of the inherent risks associated with the courses at Spectra Bio Labs, which will include laboratory work involving manipulations of various chemicals, equipment, and more.

I understand that I will handle hazardous chemicals including, but not limited to, acids, bases, organics, and carcinogens. As such, I will take the specified safety precautions and follow the procedures outlined by Spectra Bio Labs. This includes wearing Personal Protective Equipment (PPE), such as full-length pants, closed-toe shoes, provided safety glasses, and a provided lab coat whenever in a laboratory environment.

Furthermore, I will be using precise and expensive equipment, which I will treat with the required care to avoid damage. If I damage equipment, either willfully or due to carelessness, I (student/parent) will be liable for parts and repairs.
